"One Nation Under God"

There Is, Only, One Hope

Globalism (communitarianism), socialism, communism, Marxism, fascism (corporatism), Nazism, statism, feminism, environmentalism, multiculturalism, political correctness, . . . and every other form of collectivism, and all principles of this class of ideologies, are anti-God, anti-Christ, anti-freedom, anti-decency, anti-normality, and anti-humanity.

The dominant culture of government (at all levels), politics (including, both current major parties), media (including, Hollywood and the "news" institutions), corporate business, public education (at all levels), and multitudes of non-profit organizations (even, some supposedly "Christian" ones) are heavily corrupted with various forms of collectivism.

These and all other widespread sins originated (and originate) in the hearts of sinful individuals. All sins are, ultimately, individual sins, which are the bitter fruit of our fallen, sinful nature.

If you don't have a personal relationship with Jesus Christ – if his shed blood has not been applied to you to wash your sins away -- you are a lost sinner facing eternal condemnation, no "ifs", "ands" or "buts" about it.

Only the Lord Jesus Christ – by means of His death for our sins and His Resurrection -- can save a soul or our nation.

The "change" needed to receive this, our one "Hope" is:

Turn in sincere, humble, personal faith (trust) and repentance of your sins to the Lord and Savior Jesus Christ for Divine forgiveness – call on Him.

He is willing to save you. Will you submit to the loving, gracious terms of the one true God?

You must decide for yourself.

A faithful and blessed nation starts with the first penitent sinner's prayer.

Please, contact us, if you choose – or have chosen – to follow the Savior. We would love to hear from you.
